

MOTLEY JUNIOR HIGH

SCHOOL FOR THE PSYCHICALLY & CELESTIALLY GIFTED

Please read the following conditions set forth by the Council of Mentors through the Motley Code of Conduct. Your signature is needed to start the registration process.

TERMS FOR ENROLLMENT: As an enrollee at MJH, you attest to exhibiting skills from either our Sensory or Luminary group and agree to be classified as such.

Sensory students must exhibit psychic skills, such as bending metal or channeling spirits. Although, performing the two together is frowned upon. Spirits wound in metal can become testy and untangling them can be tough.

Luminary students must have an appreciation for the stars and life energy, and have an aptitude for crystals, charms, and potions. **Conjuring spells or energy to get rid of a sibling is strictly prohibited.*

NOTE: Subgroups may be needed as students grow in skill and understanding, so nothing is etched in stone. Well, unless your name is found on a tombstone, which you'd have to take up with Keeper Coffer, our graveyard groundsmen. He's a bit hard of hearing so yell loudly.

Lastly, and most importantly, if you ever find yourself chased by a fire giant – which is totally absurd, but our legal team insists we add a disclaimer – don't hide. They have huge nostrils with which to sniff you out. It doesn't matter if you smell of perfume or poo, they will find you. Instead...RUN! But please avoid the boneyard out back of the school. Messing with the dead can cause all sorts of problems. *See #1.*
